Take on Projects When Convenient With a Home Equity Line of Credit

A home equity line of credit, also known as a HELOC, can be a great option for some individuals. A HELOC is a revolving line of credit for a homeowner to borrow against the equity they have in their homes. Understanding what you can use a HELOC for, and why you would want to use a HELOC can help you decide if this is the right type of debt for you to take on.

HELOCs can be a great way to fund certain things like home improvements, education, or even an emergency. HELOCs are a valuable financial tool for homeowners who need funds for a specific reason. They offer lower interest rates, more flexibility, and potential tax benefits. You want to ensure that you use your HELOC on something that will give you a positive investment return.

You can easily call one of our Financial Service Representatives at 518-783-2211 to talk about your options or **Appy Today** for your Home Equity Line of Credit.

April is Youth Savings Month

Saving money can be daunting but it doesn't need to be. The first small step is usually the hardest, but once it's taken, the power of saving is unleashed, and you can use momentum to propel you forward. This year's theme for National Credit Union Youth Month is "Unleash the Power of Saving at Your Credit Union."

Community Resource FCU has tools to help unleash the power of saving. With a youth saving account that earns compound interest, young members can deposit small amounts on a regular basis and watch their savings grow. They can even get paid for their good grades! The earlier they start a savings account, the more it will grow, and the easier it will be to achieve their dreams.

If you have been wondering how to empower your kids to save for their future, National Credit Union Youth Month is a great opportunity to start! Join us this April as credit unions across the country encourage youth to start saving regularly.

Open an account at Community Resource FCU and help them learn that saving, no matter how small the amount, can help them achieve their dreams.

Get The Car of Your Dreams with Energize Auto!

Community Resource FCU is introducing a new way to get the car of your dreams - Energize Auto! Energize Auto is a lease-like auto loan option that has a low payment like a lease but the ownership of a regular auto loan. Energize Auto offers you greater flexibility both during the loan and at loan maturity.

With Energize Auto you have options. At any time during your loan term you can:

- sell the vehicle, pay the loan balance (including residual value) and keep any difference
- Use the vehicle as a trade-in, and the loan balance (including residual value) is paid as part of the transaction
- Keep the vehicle and refinance the loan balance (including residual value) as a used vehicle loan

When the loan matures you can return the vehicle and "walk away" from the residual value. It's that simple!

WHY PAY FOR THE WHOLE CAR?

**PAY FOR WHAT YOU USE WITH A
GUARANTEED FUTURE VALUE (GFV)**

\$40,000

GUARANTEED FUTURE VALUE
(GFV)
\$18,500

PAY FOR WHAT
YOU USE
\$21,500

Over the past few years Military Saves has been exploring what it means to be financially confident. We've been able to define the emerging phrase as this:

Financial confidence is the intersection of building a savings habit, knowing what resources you have available to support your financial stability, and taking advantage of those resources as needed.

Community Resource FCU is proud to be a participating organization again this year. Watch our social media April 24-28, 2023 for more information.
